SOUTHEAST DISTRICT  
PRESIDENT  
UNITED WOMEN IN FAITH

Greetings Sisters and Welcome to our  
New Community of Faith!

It is with joy and excitement that I welcome you to the Southeast District of the Louisiana Conference United Women in Faith. I look forward to working with each of you within the Southeast District as we continue to pursue our goal to improve the lives of women, children and youth.

Just as Spring is in the Air, Excitement is in the Air for the Southeast District United Women in Faith – as we plan new and innovative programming. Please make plans to join us at Broadmoor United Methodist Church in Baton Rouge on Saturday, June 7, 2025, for a combined Spiritual Retreat and Social Action Event. The theme for this event is “Nurture your Soul, Nurture your Body.” Also, mark your calendar for Mission U 2025, to be held at the Conference Wesley Center in Woodworth, July 25 – 26. Registration information is posted on the Conference website, [uwfla.org](http://uwfla.org). Our district quarterly zoom meeting is scheduled for 6:00 p.m. Thursday, May 8, 2025. Finally, we need you to continue to update your unit contact information by emailing me at [molaws6@gmail.com](mailto:molaws6@gmail.com).

I love springtime, and I look to blooming flowers as an inspiration. They are a beautiful part of God’s creation, each with specific parts that work together to grow, reproduce, and bless the world around us. We too, are uniquely created, with different roles, called to serve others and bring glory to our God. So, let’s get to work and display our beauty, so others may grow and come to know our true and living God!

Be blessed,  
Ramona Laws

## BROADMOOR

### MARCH Madness Mission Event

Broadmoor United Women In Faith hosted its annual mission event on March 22<sup>nd</sup> in the Broadmoor Casual Worship Center. Offerings included baked goods, used books, jewelry, timeless treasures, a new items shop, a silent auction, and a fashion show presented by Chico's. Those attending enjoyed the delightful piano playing of Lanie Wang, a Baton Rouge High and soon-to-be University of Texas graduate.

All profits go to our conference and local missions. We praise God for the beautiful weather and the privilege of being His hands and feet on earth.

”

There is always something special in the new items shop.

Our members make our Annual Mission Event possible.

Secretary ~ Pat Lively  
Treasurer ~ Deborah Cross-Young.

At the end of January, we had our WIF Sunday. Our guest speaker was Rev. Mary Rachel Moore, Director of the LSU Wesley Foundation.

Then, in March, we had our Days for Girls workshops. Over 100 kits were created for girls in other countries who need these supplies. So far, a great beginning to 2025.

## ST. MARK (BR)

L.B. LEWIS CHRISTIAN INVOLVERS

At the beginning of 2025, the L. B. Lewis Christians Involvers decided to begin the year by emphasizing the importance of your Soul, Mind, and Body. Our first meeting talked about the Human Body. With most of our ladies getting older, we wanted to look at how we can eat healthier and take better care of our bodies. At our first meeting, we invited Ellen McKnight Hill, who is a registered dietitian nutritionist, licensed and practicing in four (4) states. Ellen is a certified lactation counselor, professor, and public health advocate. She is currently the principal of The Maxine Firm. The Maxine Firm is a nutrition, wellness and public health engagement firm. Ellen reviewed some basic nutrition guide with us. She talked about how eating the right foods play a critical role in our overall health and well-being. Good nutrition can add years to your life, while poor choices can take them away. She gave us some simple steps we can follow and she answered the questions that we had. It was a very beneficial meeting. Some reasons we should care about our physical health:

- It honors God.
- It positions us to live out our calling.
- We will have the strength to serve others.
- This is the only body that we have.

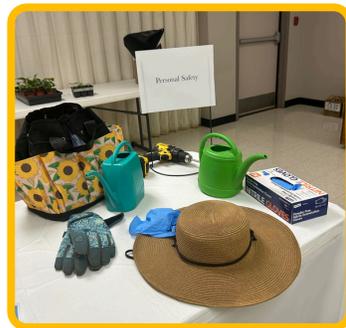

We continued with the theme of healthy habits. Therefore, our next meeting continued with a workshop on gardening in pots. Our very own member, Mary Pulliam, taught us about gardening in pots. We had choices to choose from that were provided by Mary, such as: Dwarf Cherry Tomato, small slicing tomato, bell pepper, banana pepper, eggplant, and a variety of herbs, such as onions, celery, sweet lemon garlic, and basil. What a fun time we had. She provided important information about how to care for the garden.

There are seven benefits to gardening that prove it helps your mind and body.

1. Gardening burns a lot of calories.
2. Gardening can lower your blood pressure.
3. Spending time outside is good for your bones.
4. Growing your food can help you eat healthier.
5. Gardening can relieve stress.
6. Gardening can provide a source of community.
7. Gardening can make you happier.

Many thanks to Ellen and Mary for getting us off on the right track.

March and April are also a time of reflection, preparation, and repentance as we journey through Lent to Easter. I don't know about you, but when it seems that our human condition is beyond living the commandments that Jesus said were the most important, "loving God and loving your neighbor as yourself," I catch a glimpse of the best of humanity. In recent months it has been visible through the outpouring of compassion and support after natural disasters such as tornadoes, hurricanes, winter/arctic storms, droughts, and devastating fires where the loss of life, homes, and possessions are devastating. Our prayers continue for those impacted.
